WARNING
SAFETY SHOULD BE YOUR PRIMARY OBJECTIVE IN THE EXTRACTION AND INSERTION OF THE SOLLAMI QUICK CHANGE HOLDER

Take all necessary precautions outlined by your employer and OSHA regulations when handling, installing, and/or extracting any Sollami Company products shown in this document. This includes, but is not limited to, staying out of the trajectory path to avoid contact with chipping or flying debris while wearing Personal Protective Equipment (PPE) such as safety glasses or a face shield.
INSERTION PROCESS

STEP #1
INSERT THE DRIVE PIN INTO THE BIT HOLDER.

STEP #2
USE A 5 LB HAMMER TO STRIKE THE DRIVE PIN, DRIVING THE BIT HOLDER UNTIL THE REAR ANNULAR FLANGE SEATS AGAINST THE FACE OF THE BASE BLOCK.
